

Kiruba Sankar

Director, Program Support Policy & Development
Purchasing Materials & Management Division
City of Toronto

Kiruba Sankar joined City of Toronto, Purchasing and Materials Management Division as Director, Program Support Policy & Development on early 2021. Reporting directly to the Chief Procurement Officer, Kiruba's focus will be providing strategic direction, leadership, transformation, guidance and operational support to PMMD and City Divisions through the development, support and training of procurement best practices, policies, procedures and reporting.

Prior to joining City of Toronto, Kiruba was at RBC, held the position of Global Leader, RBC Global Procurement. Lead their corporate social responsibility program, responsible for the strategy development, communication and execution of RBC's global supplier diversity program and the procurement program to create impact in the community. Kiruba has been recognized as a Supplier Diversity Leader and Procurement Business Advocate by WBE Canada, the Canadian Gay and Lesbian Chamber of Commerce and the Canadian Aboriginal and Minority Supply Council.

Before joining RBC, Kiruba was managing systems product purchasing and distribution for TechData Canada. Prior to immigrating to Canada, Kiruba was a general manager of Emachine Systems, responsible for launching and establishing the brand in the Middle East. He was also a regional manager of Middle East operations for Taiwan's largest systems manufacturer, First International Computers and he started MegaPlus International, a systems integrator in Dubai and Sydney, Australia.

Kiruba is an Electrical & Electronics Engineer, with post graduate in Computer Application and Business Management from India.

Kiruba's aspiration is to create a positive impact and prosperity in communities by creating business opportunities for diverse and social enterprise.
